

Quadrant IV– Assessment (Module –wise)

Programme: Bachelor of Arts/Commerce/Science (First Year)

Subject: Environmental Studies

Paper Code: AECC

Paper Title: Environmental Studies

Unit: III (Ecosystems)

Module Name: Energy flow in the ecosystem

Module No: 30

Name of the Presenter: Dr. Analiza D'souza

1. What is the role of the biochemical cycles in an ecosystem?
2. Name the organisms playing vital role in Nitrogen cycle.
3. Elaborate the significance of photosynthesis.
4. How is carbon cycle interlinked with oxygen cycle?
5. Describe the various cycles responsible for the flow of energy in an ecosystem.
